## INDEX TO VOLUME 44

July Through December 1962

As you know, items in **QUOTE**, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of **QUOTE**, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Action—12-2;" tells you that an item on Action will be found in the twelfth issue of **QUOTE** under number 2.

One or more letters, following an issue number, refers to material in regular departments. For example: "America, Flag—7-GB;" indicates that an item on America, Flag appears in *Gem Box* in issue number 7. The reference to "Agriculture—1-MM;" means that an item on that subject appears in *Mining the Magazines* in issue 1. The reference to "Congress, Congressmen—14-f;" means that an item on that subject will be found in the regular *Good Stories* section of issue 14 under index letter f.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively. In the index, a reference such as "Algeria—6-7Q;" refers to a quotation on that subject in the sixth issue, numbered seven in the *May We QUOTE . . .* section. When the letter t follows the Q as in the reference "Art, Artists—21-3Q-t;" it indicates the special *Quote-ette* feature in issue 21. A complete list of department abbreviations appears below:
